

## MERCHANTS OF EL PASO GAVE JEWELRY TO VILLA

Such Is Pancho's Brother's Story Regarding \$20,000 to \$30,000 Worth of Diamonds Seized.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
El Paso, Tex., Nov. 9.—Diamond jewelry estimated worth between \$20,000 and \$30,000 and United States currency approximately totaling more than \$10,000, the property of General Francisco Villa, his brother Hipolito Villa, and their wives, was discovered in a safe at the home of General Benito Villa, today by special treasury agents, P. Locke and J. J. Ayers. There were no arrests.

Charles E. Ayers, who had been charged by the agents seized and departed with it and a foreign-made automobile, upon which no duty had been paid when it was brought across the border from Juarez, according to the agents.

General Hipolito Villa later declared the collection of jewelry was made up of gifts from El Paso merchants, that it was with few exceptions of American manufacture and not doubtless since it had never left the United States being stored in El Paso. And finally, his wife and Mrs. Francisco Villa made a practice of going to El Paso for such pieces as they wished, retaining them the same night, since they considered it safer to keep the property in the United States.

The jewelry seized consisted of ten diamond rings, one diamond necklace with a pearl and diamond pendant, one brooch of platinum set with diamonds, three pairs of earrings, one gold medal dated 1914, bearing the inscription: "To General Francisco Villa, from the Constitutional Government, for Personal Valor"; one silver jewelry case containing a bracelet set in diamonds, two earring pins, three diamond rings and a pair of diamond earrings.

The property has been turned over to the collector of customs. The currency was not disturbed.

## VILLA'S BROTHER MAY LOSE SEIZED BULLION

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Chicago, Nov. 9.—United States customs officials, the receiver of Chicago, Rock Island and Pacific Railway company, and L. C. Barlow of El Paso, were restrained in a temporary injunction issued in the federal court here today from disposing of \$10,000 in lead bullion and copper in freight cars here and alleged to have been confiscated in Mexico by Hipolito Villa, brother of General Francisco Villa, and others.

The injunction was granted on a petition of Compania Explotadora de La Mina Nacala, S. A., a mining company of Saltillo, Coahuila, Mexico. The company alleged they had been asked about the right of way of the Mexican National and that it had been confiscated, snatched at Santa Rosalia and shipped in bond to Chicago.

The receiver asserted he had purchased the metal in good faith and had no knowledge that it was in the illegal possession of Villa and others.

## AIRCRAFT INSURANCE FOR THE POOR PLANNED

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
London, Nov. 9.—(4:38 p. m.)—A plan for insuring the property of the poor against aircraft raids was announced in the house of commons today by Herbert Churchill, the postmaster general. A payment of twelve cents will insure property to the value of £125 for twelve months against destruction or damage resulting directly or indirectly from bombardment of aircraft or from the effects of aircraft guns.

The maximum value of property insurable is £75, which will require payment of thirty-seven cents. This insurance business will be transacted through the postoffice, which will accept payments and pay claims.

**Chin General Arrested.**  
Honolulu, Nov. 9.—General Wu Dai, a Chinese, who claimed to be a former associate of Dr. Sun Yat Sen, was arrested here today by the immigration authorities on orders from Washington. He is said to have been fomenting opposition to President Yuan Shi Kai.

## EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't avoid your fretful, peevish child. See if tongue is coated; this is a sure sign his little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hang back with contempt any other fig syrup.

## PREPAREDNESS IN SANITATION THEME OF BLUE

Surgeon-general Rupert Blue Makes Notable Address Before Convention of Southern Medical Association.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Dallas, Tex., Nov. 9.—"Sanitary Preparedness," the subject of an address tonight by Dr. Rupert Blue, surgeon-general of the public health service, before the Southern Medical Association, was defined as "the maintenance of the body of man on a sane footing against disease." It was further described as a condition in which an able bodied, vigorous society, clothed in the armor of hygienic knowledge and fortified by adequate sanitary defenses, is equally able to withstand the shock of arms and the continued strains of the occupation of tranquility.

The sanitary preparedness of a nation, said Dr. Blue, means not only the health of the fighting unit, but of the mother who are to bear them, and of the civilians upon whom both in time of peace and at war the military forces must depend for food and clothing and the weapons with which to fight. Community health is therefore, the all important prerequisite, and in order that we may have military preparedness we must first of all have sanitary preparedness.

**Should Teach Children.**  
"The first step in the creation of sanitary preparedness is to teach the citizen the value of a sound body. If, upon the plastic mind of the school child the simple truths of sanitation are impressed, we will gradually create a people in which sanitary living is a habit. If by child hygiene we produce better and stronger men and women, these in turn will have learned that mating with the weak and defective produces weak and defective children. Thus we will have a practical eugenic betterment."

"It may truly be said that the fate of kings and nations has frequently depended upon so minute a thing as the typhoid bacillus, or the plasmodium of malaria. We are able by the use of typhoid vaccines to control the one, and by anti-malaria measures to prevent the other, but until the people of our country have learned the lessons of sanitation it will not be possible to eliminate either disease, or to maintain a satisfactory standard of health, or to prevent the great bulk of which is physically fit."

"Unfortunately it seems as though the human race can make sanitary advance only through the bitterness of previous experience, and it is very difficult in the absence of the threat of epidemic to arouse much interest in sanitary betterment."

**Sanitary Laws Revised.**  
"Unconsciously we have been striving for that end. The decade in which we live has witnessed the growth and expansion of the health forces of our country. The body of the sanitary laws has been revised, amended and extended. Appropriations for the prosecution of sanitary measures have been increased. The sanitary propaganda has been carried to every portion of the United States, and we see men of high attainments adopting the profession of sanitation as a life work. The collection of morbidity and mortality statistics has been improved upon as the necessity for increased work along these lines. The investigations into the causes of communicable diseases and the evolution of the means of their control have been such that many of the major pestilences have almost been relegated to oblivion."

Dr. Blue added, however, that deaths and disabilities from the commoner diseases continue at a high rate with heart diseases heading the list. Of recruits examined for the army and navy in fiscal year ended June 30, 1914, he said over 12 per cent were rejected. More than 12 1/2 per cent were of account of heart disease and at least 50 per cent were from wholly preventable causes.

**Inevitable Diseases.**  
"A large proportion of the causes of rejection," said Dr. Blue, "may be traced to the so-called inevitable diseases. When we realize that practically all of the diseases of childhood are preventable and entirely controllable, and when we put this knowledge into practice, we will see an enormous decrease in heart disease, rheumatism and nephritis. It will be found, also, that deafness will be less frequent, and that defective vision will be diminished."

"A great trial of arms takes the most physically fit of the community. It leaves behind the weaker elements, part of whom must be supported by the strongest left behind, who in addition must support the weak who are at the front. Man is an animal of slow growth and relatively long life. It will, therefore, take time to eliminate the weaklings in order that they may not be a factor in the reduction of the efficiency of our nation."

## ALL RELIGIOUS FAITHS FREE AT JERUSALEM

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Berlin, Nov. 9.—(via Wireless to Sayville, N. Y.)—The Overseas News agency today gave out the following: "Correspondence of the Frankfurter Zeitung from Jerusalem says there has been a perfect union of all the confessions of faith in Palestine. Twenty thousand Russian Jews requested Turkish citizenship, which was granted them by the government without the payment of the ordinary taxes. All the colleges, with the exception of the French, are open and all the hospitals and churches are untouched. Dymel Pasha, chief commander of the Syrian Egyptian army, visited the Jewish colonies at Rischon-lez-Zion and Petach Tikva and remained for two days. He expressed satisfaction concerning the progress there."

**Hotel Men Kept Busy.**  
Denver, Nov. 9.—The European war, statewide prohibition and votes for women combined to keep the hotel men hustling in the last year according to the report of J. A. Hildebrand, treasurer of the Rocky Mountain Hotel Men's association today. Only routine work of organization was transacted at the opening session. Delegates from Colorado, Wyoming, Utah, Idaho and Montana attended.

## FEDERAL LEAGUE TO MAKE FORAY INTO NEW YORK

Kansas City Club to Be Transferred to Gotham and Strengthened So As to "Merit Support of Fans."

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Indianapolis, Ind., Nov. 9.—The officers of the Federal league at their annual meeting here today definitely decided to invade New York in 1916. The Kansas City club, whose franchise was declared forfeited, will be sent to New York and strengthened so that it "will merit the support of the New York fans."

James A. Gilmore, who was re-elected president of the league, stated after the meeting that grounds had been obtained on Manhattan island for the New York club. He said plans had been submitted for grounds to seat 25,000 persons and that the league would be ready for operations in New York at the beginning of the 1916 season. The Buffalo franchise, also, was forfeited, but it is understood that the owners will reorganize and that Buffalo will have a place in the league next season.

"It is believed," said President Gilmore in his statement, "that the situation will later be taken care of properly by the citizens of that community."

In addition to Mr. Gilmore, who was re-elected president and treasurer, the league named the following officers:

Vice president, George S. Ward, Brooklyn; and secretary, Thomas W. Gilmore, of Chicago. The league also adopted a resolution on the death of Robert R. Ward, former head of the Brooklyn club.

Reports from the clubs were received and after consideration of all the facts, reads the statement, "we felt that we were well rewarded for our operations in 1915." President Gilmore said no games had been protested.

After the meeting, the majority of the club owners departed for French Lick, Ind., where it was reported they would meet representatives of the older leagues with a view to settling "the war" between the Federals and organized baseball. It was said here that Harry E. Foy, of the Pittsburgh Nationals; Col. Jacob Ruppert, of the New York Americans; and Charles Comiskey, of the Chicago Americans, were in French Lick, but a dispatch from French Lick said Colonel Ruppert was the only organized baseball man there.

Those who attended the meeting and went to French Lick are: President Gilmore, Phil Ball, St. Louis; Edward G. Winner, Pittsburgh; Will E. Robertson, Buffalo; and Carroll Eslin, Baltimore. Ward and Charles Weighman, Chicago, said they would go to Chicago tonight and the other directors of the league at French Lick tomorrow. Harry S. Blair, of the Newark club, was called to New York and there was much speculation as to whether the trip had something to do with the sale of one of the New York baseball clubs. Carroll Mann, of the Kansas City club, who wired that he was on his way, did not reach the city in time to attend the meeting.

## BASEBALL MEETING IS ADJOURNED IN RESPECT TO JUDGE KAVANAUGH

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
San Francisco, Nov. 9.—The National Association of Professional Baseball Leagues opened its annual meeting here today with a brief session which was adjourned in memory of Judge W. W. Kavanaugh, former president of the Southern league. Only welcoming speeches by civic and Dunsmuir-Pacific exposition officials were heard, no business being transacted.

The appointment of various committees to handle the work of the convention was scheduled for tomorrow as was the introduction by Secretary J. H. Farrell of a resolution to extend from February 1 to March 1 the time limit on the acceptance of players contracts.

President M. H. Sexton presided over the meeting.

**Duel in Arkansas Capital.**  
Little Rock, Ark., Nov. 8.—John Gray, a professional and R. R. Powers, deputy state veterinarian, today fought a pistol duel in the heart of the business district and both are in a hospital with very serious bullet wounds. The men resumed an argument begun in police court last Saturday over an arrest made by Gray in which a friend of Powers was involved and fought it out today in one of the main streets with 44-caliber pistols.

**OUR JINNEY OFFER-THIS AND SO.**  
DON'T MISS THIS. Cut out this ad, send it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pain in the back and rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Sold everywhere.

**NOTICE.**  
I have purchased the accounts and business of the Albuquerque Coal Co., 402 North First street. All accounts due the above firm will be paid to me. All accounts against the firm will be paid by me.  
W. C. GOTT.

**SEE MAMM PITTIE.**  
The noted palmist, who predicted the death of ex-President McKinley and the Galveston flood, tells past, present and future, reads strictly from science and guarantees satisfaction.  
Room 1503 West Central.

**WANTED—Plasterers, union wages.**  
Y. M. C. A. building, Albuquerque. J. W. McQuade.

**FOR SALE—Second hand safe, two sewing machines, three tables, E. B. South, tailor.**

## TEACHERS' MEET AT PORTALES IS GREATEST EVER

Records Broken at Convention of Roosevelt County Educational Association; Good Work Being Done.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Elkhart, N. M., Nov. 9.—The Roosevelt County Teachers' association, which met at Portales Friday and Saturday held the greatest convention of its history. A larger attendance of teachers was noted than has formerly met, and the enthusiasm of all bespoke the interest of the teachers.

The school boards of all town and rural schools encouraged their teachers to attend and did all within their power to further the success of the meeting. The work of all schools, too, surpasses anything heretofore.

Farmer of eastern New Mexico are harvesting the greatest crop of grain ever known. The late frost has given time for all crops to mature and the growers an opportunity to harvest. Some fields of maize and alfalfa, as well as corn, are so large that they will not be gathered for several weeks, and hands to aid in gathering them have been much sought after. Some of the larger farmers contemplate feeding cattle and sheep as means of marketing their grain, having been convinced that they will not be gathered for several weeks, and hands to aid in gathering them have been much sought after. Some of the larger farmers contemplate feeding cattle and sheep as means of marketing their grain, having been convinced that they will not be gathered for several weeks, and hands to aid in gathering them have been much sought after.

The dairymen of Roosevelt county have taken a renewed interest in the dairy business since the treasury at Portales was first under construction. It is now completed and the machinery installed. The big factory in connection is also ready for operations, and has undergone a lot of the machinery which proved successful. The plant, fully equipped with the most modern lines of every kind, will be probably the most up-to-date in the state. Already, new herds of dairy cattle have been imported, and some good herds have been in the county for several years. Shipping cream to distant creameries has proved a paying industry, and it is thought that shipping the finished product will enable the dairy farmers to realize more out of their labor than formerly.

## SORROWING FRIENDS FOLLOW DE BACA'S BODY TO LAST RESTING PLACE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Las Vegas, N. M., Nov. 9.—The funeral of the late Manuel C. de Baca, former territorial superintendent of public instruction and member of the New Mexico legislature, was held here Tuesday morning at 9 o'clock, from the Church of Our Lady of Sorrows. The funeral was attended by a large number of the members of the bar, Mr. de Baca having been a practicing attorney here for over thirty years. The pallbearers were: William J. Mills, Judge E. V. Long, Margarito Romero, Charles A. Spiess, O. A. Larrozo and William Frank.

Active—Judge David J. Leahy, William E. Gortner, Trinidad Sena, Manuel A. Sanchez, Luis E. Armijo and Francisco Romero.

## COPPER PRODUCTION OF STATE ON INCREASE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Santa Fe, Nov. 9.—The production of copper in New Mexico increased from 4,957,000 pounds in 1911 to 59,207,325 pounds last year, according to figures from the geographical bureau. The increase was 1,192 per cent. Last year reached a value of \$7,887,354 and this year will likely exceed \$10,000,000 in value. Grant county, chiefly from the output of the Chicago Copper company at Santa Rita, and from Lordsburg and Pinos Altos, produced 28,254,142 pounds last year, or 28 per cent of the total. The increase for the year in Grant county was 1,422,256 pounds. The yield from Cochar county increased 9,934 pounds; from Dona Ana county 67,781 pounds; from Lincoln county 8,000 pounds; from Luna county 728 pounds and from Serrita county 11,865 pounds. There were decreases in Otero, Santa Fe, and Socorro counties.

Copper ores, chiefly from Dona Ana, Grant, Otero, Santa Fe and Socorro counties, furnished 28,254,142 pounds, or 46 per cent of the total; dry and silicious gold and silver ore, chiefly from the dry ore of Otero county, and from the silicious ore of Lordsburg district, Grant county, furnished 266,283 pounds, or less than 1 per cent; lead ore chiefly from the Central district, Grant county, yielded 20,855 pounds; and copper lead ore, chiefly from Dona Ana, Grant and Socorro counties, 11,391 pounds.

There were 5,999,314 pounds of copper contained in crude ore shipped to smelters, representing 10 per cent of the total and concentrates contained 53,998,611 pounds, or 90 per cent. In production, the various ranges as follows: Grant, 58,259,112 pounds; Otero, 118,316 pounds; Santa Fe, 294,368 pounds; Socorro, 8,000 pounds; Dona Ana, 78,136 pounds; Lincoln, 15,968 pounds; Serrita, 14,136 pounds; Cochar, 11,082 pounds; Luna, 2,181 pounds; Elddy, 1,468 pounds.

**HUSBAND 101 YEARS OLD; WIFE ONLY 87**  
Pemberton, Kan., Nov. 9.—Aunt Carlwright, living six miles south of Pemberton, is celebrating his 101st birthday anniversary today. Carlwright's wife is 87 years old. They have been married fifty-seven years.

**Warsaw Same as Brussels.**  
London, Nov. 10 (2:10 a. m.)—The Germans have assessed a charge of \$750,000 a year against Warsaw for the maintenance of the military garrison there according to Warsaw papers reaching London.

**To Dissolve Greek Chamber.**  
London, Nov. 10 (2:45 a. m.)—A decree dissolving the Greek chamber will be published Wednesday, according to an Athens dispatch in the Daily Chronicle.

## W. C. REID WILL BE THE PRINCIPAL SPEAKER TONIGHT

Attorney for Santa Fe Railway Will Talk Upon New Mexico's Resources at Commercial Club's Dinner.

W. C. Reid, Santa Fe railway attorney, will give the principal address at the "get-together" meeting at the Commercial club tonight. He will speak upon the resources of New Mexico, a subject with which he is familiar. Mr. Reid's knowledge of the subject and his vigorous style of speech give promise of a highly interesting talk.

A. B. McMillen will speak on the cattle industry; Dr. B. R. Good of the university on the value of the Commercial club to the community; Frank A. Hubbard on the sheep industry; J. P. Jacobson on fruit growing in the central Rio Grande valley; and Clark Coffey, president, will outline the history of the club.

**Several "Pop" Talks.**  
The following will give "pop" talks of three minutes length: D. S. Rowland, P. B. Schenck, Robert E. Putney, H. B. Henning, R. L. D. McAlister, R. W. Wiley, Simon Stern, Newton Montoya, Louis Hohl, Chas. R. K. Sellers, G. L. Brooks, John S. Heaven.

The booster eight-piece orchestra will give its services to the club without charge for tonight. The musical program follows:

1. The Potpourri March.
2. Dorothy—Hedra-Hedra.
3. Operatic Rag.
4. When I Was a Dreamer.
5. Down on Bomba.
6. I Want to go to Tokyo.
7. Flirtatious.
8. Yip-Skip-A-Wait.
9. The Garden of Dreams—Serenade.
10. The Land of My Heart Girl.

## GERMAN PRESS WANTS PROMPT ACTION BY U. S.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Berlin, Nov. 8.—(via Wireless to Sayville.)—Commenting on the American note to Great Britain concerning the interference with American commerce, the Frankfurter Zeitung says: "The American stand, from the legal viewpoint, is unimpeachable. America's trade has been most severely damaged by the arbitrary rule of the British navy. This rule is despotic and inefficient, since the Baltic is unapproachable by the British. The report is prevalent that some few British submarines have entered the Baltic and that this is sufficient proof of the establishment of British rule in this sea. This silly swindle was only disseminated in order to bluff the Americans and make them forget that when America is at war a blockade must be exercised in a blockade sea, on the spot."

The Frankfurter Zeitung expresses appreciation of the American government's intention to defend the rights of neutral trade, but says, however, that an efficient solution of the problem is only possible by immediate energetic action, and that delay until after the war would mean the obliteration of the issue by other issues than the more paramount one.

## \$50,000 PERSIAN CAT LOOSE IN CHICAGO

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Chicago, Nov. 9.—Great, an aristocratic Persian kitten, valued by his owners at \$50,000 and twenty-one other cats, nearly as aristocratic but much less valuable, were rescued from their quarters in an apartment building here today.

Two half-bred, two splintered who owned the cats, five hundred school children and the police, and a squad long leading party in the scene that followed the carrying out of the kitten, the owner obtained the receiver of the apartment building against the cats.

After packing the animals in baskets the two half-breds reached the street safely but here "Omar" balked.

## Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff. For it will ruin your hair and ruin it for you.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid bromine; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most of it will be gone. You will find that all itching and itching of the scalp will stop, your hair will look and feel a hundred times better. You can get liquid bromine at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

## Parents Should Know This Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Calumet and purgatives should never be used as these agents afford only temporary relief while their violent action upon the system actually injures the child. The system actually injures the child. The system actually injures the child.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative, herbar, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its solid action and positive effect. It is used to strengthen the weakened bowel action and restore normal regularity.

It is important that parents should know of a dependable remedy with no unpleasant after effects, griping or strain. Dr. Caldwell's Syrup Pepsin.
